## GEN. GRANT'S WAR RELICS

EFFORTS OF HIS FRIENDS TO SAVE THEM FOR THE OLD HERO.

His Indebtedness to Vanderbilt Said to be Pledged—Last of the Six Nations—Business Weeks of the Past Year.

New York, Jan. 2.—Mr. George W. Childs is here and has had a long conference with General Grant relative to the \$100,000 fund which a number of the General's rich friends are raising to clear off his indebtedness to William H. Vanderbilt, by the big loan that was swallowed up in the Grant & Ward failure. It is now known that the whole amount necessary to meet the claim of which Mr. Vanderbilt himself voluntarily knocked off \$50,000, has already been practically pledged. All that now remains is to arrange matters so that in case the Court decides that General Grant was a regular partner in the default firm, the others creditors will not be able to levy on the war relics and real estate. It was to effect of this protective measure that Mr. Childs particularly exerted himself.

The committee who have charge of the subscription propose to pay Mr. Vanderbilt \$100,000, but instead of giving General Grant a quit claim the securities will be held by them as a part of trust fund during General Grant's lifetime. The \$250,000 annuity fund that George Jones, of the New York Times, raised is administered in this way and can not be touched by any creditors or any claimants.

General Grant went out of doors yesterday, for the first time in many days. He visited a friend at the Fifth Avenue Hotel, and held to his room on crutches. His face looked pale and care-worn and he appeared depressed.

**LAST OF THE SIX NATIONS.**  
The Onondago Indians, in annual pow-wow at Syracuse, have abrogated the old form of government by Chief in a long preamble which arraigned the Chief system because it has failed to answer the purpose for which all governments should be established. The constitution and bylaws provide that the new government is to have legislative and judiciary departments, the former to be vested in six members who shall be termed Chiefs. All officers are to be elected for one year. The executive powers will be vested in a President, and the judiciary power in three peace-makers.

The customs relating to matrimony are abolished, but persons cohabiting are declared man and wife and their children legitimate.

**THE WEEKEND OF '84.**  
The Mercantile Agency reports that during the past year there were 10,978 failures in the United States, with liabilities aggregating \$280,945,417. In the Dominion of Canada, there were 1,327 failures, with liabilities amounting to \$19,109,385. In the United States there were 1,754 more failures than in 1883, and in Canada 107 less.

**A NEW PHASE OF THE CHASE.**  
Dr. Carver announces that in two weeks he will attempt to shoot 60,000 birds thrown into the air, using rifle and single bullet, in six days. This is an unprecedented feat of endurance in rifle shooting.

**A SUCCESSFUL VENTURE.**  
Among the large checks that passed the clearing house was one for \$2,538,977, drawn by Joseph Fuller on the American Exchange National Bank, representing the balance of the principal and interest on the original purchase of the World. The price paid for the paper was \$161,000. The World paid a cash dividend of \$150,000 for 1884.

**KELLY STILL HOLDS ON.**  
Mr. W. H. England says that the negotiations for the purchase of the New York Star are still open.

**THE COAL PRODUCTION.**  
The result of the meeting of the anthracite coal producers was an agreement to fix the production for 1885 at 30,000,000 tons, approximately as follows: Reading 3,800, Lehigh Valley 1,000, Lackawanna 107, Delaware & Hudson eleven, Pennsylvania Railroad eight, Pennsylvania Coal Company five, and the interests represented by Erie fifteen.

**SALVINO MAY VOTE AGAIN.**  
It is not unlikely that Signor Salvini, the great tragedian, may come to America next season, as negotiations to this end are going forward between Mr. Stearns and Signor Salvini, acting for Salvini.

**POSTING UP INTO BILLIONS.**

The exchanges and financial institutions yesterday were busy figuring up the business of the past year and the results gives statistics most wonderful. The total transactions total up billions of dollars; yet business in the figures are they show for the most part a falling off as compared with 1883. Last year was a great year for liquidation in stocks and all kinds of commodities. It was a year of low prices, and the values of stocks and wheat, corn, sugar, coffee and other articles were the lowest known in years, and wheat is selling at a lower price than ever before known. However grant the losses to investors and dealers, the exchanges must have respect a fair harvest in the way of commissions.

**Clara Morris in a Wreck.**  
JACKSONVILLE, Fla., Jan. 2.—The west bound train on the Savannah, Florida and Western Railroad collided with an incoming train twelve miles from this city. New Year's Eve, causing a serious wreck. The passenger car for Terry and two colored men were seriously injured. The Clara Morris troupe, which played here the night before, were on the outland train on their way to Pensacola, but none of them was hurt. Miss Morris' special car, containing herself and Mr. Harriot with Frank Goodwin, the manager, was attached to the train.

**An Inordinate Love of Dress.**  
DETROIT, Jan. 2.—Mrs. Mary E. Cody, of Windsor, Ontario, step-daughter of Sol. White, Member of Parliament for Essex County, Ontario, has been arrested, charged with forging her mother's name to an order on the First National Bank of this city, last October, for \$2,500. President White, an intimate friend of the family, paid her the money. On Tuesday she presented another forged order which led to her arrest. An inordinate desire for clothes is supposed to have led her to commit the crime.

**Uncle Sam to Try Gallagher.**  
CHICAGO, Jan. 2.—The case against W. J. Gallagher, charged with forging the tally sheets of the second precinct of the Eighteenth Ward, after being twice postponed, has been dismissed by Commissioner Howe, District Attorney Tuttle having filed information before Judge Haight, thus putting the case in the United States Court without preliminary examination or indictment.
